

In **Literacy**, I will be learning about 'Traditional Tales'. I will be using my topic work to give me inspiration for this as well as learning about other traditional tales from around the world.

In **Maths** I will continue to learn about the four number operations; add, subtract, multiply and divide. I will also be learning about other areas of Maths such as money and geometry where I will be applying some of the skills I have already learnt about this year.

In **topic**, I will be learning about stories from around the world. I will be using Geography skills to locate where stories are from and will be able to re-tell these stories in a number of ways, for example, using puppets I have made in class.

Topic title: **What Can We About Our World From Stories?**

Subject Focus: **D&T / Geography**

Also in topic, I will be learning about Aboriginal Art. After looking at the work of certain artists, I will be creating my own art work.

In Science, I will learn about materials and shadows.

PE in Class 2 is on Monday and Wednesday. I will need dark shorts and my Jerry Clay Academy t-shirt (or a white t-shirt) for indoor PE and a dark tracksuit for outdoor games. I will also need a spare pair of trainers/pumps. I will be learning about gymnastics and football this half term.

I will receive spelling homework weekly. This will be set on a Thursday and will need to be completed by the Wednesday after.

I will be given a Maths task every other week.

In **ICT** this half term, I will be learning about testing games. I will use the program 'Scratch' to follow instructions, explain how games work and to suggest improvements. I will then be able to create my own game.
