

In **Literacy**, I will be learning about 'Traditional Tales' and 'Retelling stories'. I will be using my topic work to give me inspiration for this as well as learning about other dragon stories to give us inspiration to retell our own stories.

In **Maths** I will learn about reading, writing and counting up to 20 and backwards, where I will be able to apply my skills and extend my thinking. I will also be applying this to finding 1 more and 1 less and simple addition and subtraction. I will also be learning about 2D and 3D shapes.

In **topic**, I will be learning about castles from around the United Kingdom. I will be using Geography skills to locate castles and will be able to write new stories and facts about the dragons we have created in our art work.

Topic title: **Dungeons and Dragons**  
Subject Focus: **History / Geography**

Also in topic, I will be learning about sketching techniques. After looking at the work of certain artists, I will be creating my own sketch and sculpture of a dragon's eye.

In Science, I will learn about materials.

**PE** in Class 1 is on Monday and Thursday. I will need dark shorts and my Jerry Clay Academy t-shirt (or a white t-shirt) for indoor PE and a dark tracksuit for outdoor games. I will also need a spare pair of trainers/pumps. I will be learning about games and dance this half term.

I will receive spelling homework weekly. This will be set on a Friday and will need to be completed by the Wednesday after.

I will be given a Maths task every other week.

In **ICT** this half term, I will be learning about algorithms. I will be selecting and using appropriate software to program a toy to move around a map to find buried treasure.
